SUNDAY, FEB. 11, 2024
9:15 AM IN THE SOCIAL HALL
**Decoding Executive Functioning and
Attention: Strategies for Parents**

Learn about the intricacies of executive functioning and attention in children during this presentation. Discover practical strategies and insights tailored for parents, equipping you with valuable tools to support your child's cognitive development and academic success.

SUNDAY, MARCH 17, 2024
9:15 AM IN THE SOCIAL HALL

**Tailoring Support: Individualized
Education Plans vs. Section 504 Plans**

Explore educational support plans as we compare and contrast Individualized Education Plans (IEPs) and Section 504 Plans. In this talk, you'll gain a comprehensive understanding of how to navigate these two pathways.

Dr. Laura Miller completed her PhD in school psychology at Syracuse University. Following graduate school, she completed a postdoctoral fellowship in pediatric neuropsychology at MassGeneral for Children. Over the past decade, she has worked in a variety of settings, including schools, universities, and private practice. In addition to currently working in private practice, Dr. Miller works as a senior principal scientist on pediatric and rare disease clinical trials.
